PROFESSIONAL SUMMARY

Motivated Front-End Developer & Web Designer and third-year IT student with hands-on experience turning UI/UX design principles into responsive, pixel-perfect, mobile-first web pages using HTML5, CSS3, JavaScript (ES6+), and Bootstrap. Skilled at wireframing and prototyping in Figma, translating design systems into clean, accessible, cross-browser-compatible code, and shipping fast, user-centered interfaces. Built and deployed 3 live web projects (Netlify) with a focus on performance optimization and DOM-driven interactivity. Eager to bring a strong eye for design and solid front-end fundamentals to a dynamic product team.

TECHNICAL SKILLS

Front-End Development: HTML5, CSS3, JavaScript (ES6+), Bootstrap, Responsive Design, Mobile-First Design, Flexbox, CSS Grid, DOM Manipulation

Design & UX: UI/UX Design Principles, Wireframing & Prototyping, Figma (Basic), Pixel-Perfect Implementation, Design Systems & Style Guides, User-Centered Design, Landing Page Design

Tools & Technologies: Git, GitHub, VS Code, Chrome DevTools, REST APIs, JSON, Postman, Netlify

Quality & Performance: Cross-Browser Compatibility, Web Accessibility (WCAG), Performance Optimization, Debugging, Version Control

KEY PROJECTS

Restaurant Website — UI Design & Front-End Build | Personal Project — 2026

- Designed and built a responsive restaurant/recipe website, translating a UI concept into a clean, pixel-perfect layout using Flexbox and CSS Grid.
- Applied UI/UX design principles to structure content hierarchy, improving readability and navigation flow.
- Implemented JavaScript-powered real-time search and filtering to enhance the user experience.
- Deployed live via Netlify; maintained cross-browser compatibility across devices.

BMI System — Interactive UI Design | Personal Project — 2026

- Designed a simple, user-friendly multi-step interface for a BMI calculator, prioritizing clarity and ease of use.
- Built responsive layouts ensuring a consistent, mobile-first experience across all screen sizes.
- Added form validation and dynamic result display to guide users through a smooth, error-free flow.

Personal Portfolio Website — Design & Development | Personal Project — 2026

- Designed and developed a personal portfolio site to showcase design and front-end projects, with a focus on visual hierarchy and clean typography.
- Implemented a responsive layout with smooth navigation to strengthen overall user experience.
- Deployed using Netlify for public access and continuous availability.

EDUCATION

Bachelor of Technology (B.Tech) — Faculty of Information Technology (IT Department) | Fayoum International Technological University | Third-Year Student | Expected Graduation: 2028

- Third-year student; coursework and self-study focused on web design, front-end development, and UI/UX fundamentals.

TRAINING

Web Design (Freelance Track) | NTI — 2026

- Completed hands-on training in web design fundamentals, UI/UX principles, and responsive design.
- Gained practical experience applying HTML, CSS, and design best practices to real project briefs.

CERTIFICATIONS

- Web Design (Freelance) — NTI, 2026
- Responsive Web Design — freeCodeCamp, 2026
- JavaScript Basics — Coursera, 2026
- Git & GitHub for Beginners — Coursera, 2026

SOFT SKILLS & LANGUAGES

Soft Skills: Problem Solving, Time Management, Communication, Teamwork, Fast Learner, Attention to Detail
Languages: Arabic (Native), English (Good)
